**Health Services:** The FPC provides primary health care for acute and chronic conditions, including diagnosis, treatment, and education of inmates. Our clinical staff includes two physicians, a physician assistant, two registered nurses, and a dentist. Centralized pharmacy services are utilized, as the FPC is not authorized to have an on-site pharmacy. General radiological procedures are performed on-site and are interpreted via tele-radiology. All laboratory specimens are sent to referral laboratories for analysis, except for finger sticks for blood glucose and basic urine dip sticks. Contract optometry and dental hygiene services are also performed onsite. Any additional care needs as determined by the Clinical Director will be provided in the local community or by a Federal Medical Center. Health care is delivered by an assigned team of medical providers. Upon arrival, each inmate is assigned to a team led by a physician or mid-level provider in order to promote continuity of care. Health care visits are accomplished through scheduled appointments. Normal hours of operation are Monday-Friday, 7:00am-5:30 pm, except federal holidays. A health care provider is also available on weekends and holidays from 7am – 5pm for pill line and emergencies only. Sick call screening is Tuesday-Thursday 4:30pm-5pm. Daily pill line hours are 7:05am-7:15am daily, and from 4:30pm-5:15 pm (4:30pm -4:50 pm on weekends and holidays). Insulin line: 7:15am and 3:15pm daily.

**Housing:** Inmates are housed in "open bay" dormitories, two-man cubicles, and in dormitories consisting of eight-man and 10-man rooms. Television sets are located in the TV rooms in each dorm. A TV committee has been set up in each dorm to make and publish program selections.

**Fitness/Recreation:** The Recreation Department offers a wide variety of active and passive leisure time activities: intramural sports (softball, basketball, flag football, soccer, and volleyball), weight training, fitness (abs/stretching, step aerobics, presidential sports award program, and wellness), music, hobby craft

Movie schedules are posted on bulletin boards and are frequently announced. Movies will be broadcast in either the Base Theater (sometimes referred to as the Reserve Center) or visiting room, or via the institutional channel. Schedules and hours are subject to change. Recreation schedules and notices are posted on TRULINCS and Recreation bulletin boards.

**Religious Services:** The Religious Service Department's mission is to provide pastoral care that assists with spiritual growth, character development, and preparation for reentry back into society. In order to achieve this mission, approximately 50 volunteers and contractors come into the institution to teach classes, lead worship services, and provide counseling. A three-month pre-release class entitled "Houses of Healing" is also offered twice a year. In addition to a very comprehensive schedule of programming, the department also has a large collection of religious audio tapes, video tapes, and DVDs, as well as CDs.
